## dedication

*"A teacher who can arouse a feeling for one single good action, for one single good poem, accomplishes more than he who fills our memory with rows on rows of natural objects, classified with name and form."*

—Goethe

In sharing your sense of enthusiasm for both the individual and the group, you instilled in us a feeling of unity and camaraderie.

For this, we dedicate our yearbook to you, Miss Joan A. Rosazza.

Don't be afraid  
to fall asleep with gypsies  
or run with leopards.  
As travelers or highwaymen  
we should employ  
whatever kind of wheels it takes  
to make our lives  
go smoothly down the road.

We'll move

last warmness

swallowing the rain

I consider a human soul without education  
like marble in the quarry,  
which shows none of its inherent beauties  
till the skill of the polisher  
fetches out the colours,  
makes the surface shine,  
and discovers every ornamental cloud,  
spot,  
and vein  
that runs through the body of it.

## red & black 1973

The aim and focal point of the work done on the Red and Black in the past year has been changed. Change was instituted both for the sake of innovation and for the sake of improvement, and although males were hard to come by on this year's staff, new ideas were not.

Among the alterations made in the newspaper were a revision in format and appearance of the copy, an increase in length of each issue, and the addition of several new monthly features. Many of the changes came about when the Red and Black switched printers.

Although the staff has successfully completed various modifications in the newspaper, these changes are hopefully only a beginning of what will be done for the Red and Black in years to come.

This was the year the Student Council learned there are two sides to every problem: the State's side and everyone else's side. Conflicts with the State over Open Campus and gym regulations led to various Student Council supported actions, including a Caf-Clean Up Campaign and the introduction of a bill into the Mass. House of Representatives. The fact that no students and few Council members came to the Tuesday night meetings made Pres. Bob McGoldrick come to appreciate the decisiveness of small groups. Due to sports and cheerleading conflicts, Vice-Pres. Bob Gates and Sec.-Treasurer Maureen Adams saw a lot of basketball on Council, but who needs officers anyway?

Mary Ann Beaton's listening, Zoe Zerwekh's laughing, Andy DeMars' hockey, Patti Church's creativity, Heidi Blanch's cooking, Michael Meagher's storytelling, Ken Abbott's writing, Keith Leonard's speechifying, and Pat Lee's ability to jump into the middle of things made the '72-'73 Student Council a friendly and effective one.

Aside from discussing locked gym doors and pickles, Student Council ran a Happening, gave a boost to the intramural program, tried to get athletes out of gym, ran assemblies, and helped with the WHS self-evaluation.

## student council

With Mark Hennessy and Suzy Knight leading the program as co-vice chairmen, and Lulu McDonough as the computer-like treasurer, the students on CONCERN are not ABUSED. We try our hardest to educate as best we can, the participants of the student-to-student program, and we take any call that comes into the hotline. We have similar problems and questions as other kids, but our greatest problems concerning CONCERN are . . . Mark—Well I think . . .

Suzy—co-vice chairmen? Vice-co-chairmen?

Lulu— $2 + 2 = ?$

Maggie—Huh?

Phil—Oh! My kidneys!

Peggy—He came right through the bathroom!

## action '72

Action '72, once the Debate Club, has experienced many changes in 1972-73 while still retaining some of its original colors.

Finding the national debate topic rather complicated and drab, the club chose to turn its manpower towards the election of personal favorite candidates. Many students went door to door campaigning while others drove in motorcades and passed out literature. A school-wide poll was taken just before the election. Hours were spent correlating and classifying the results which were amazingly accurate in comparison with the true statistics.

The ideals of debate were not lost, however. During the election period mock debates were held between factions of the club dealing with key issues. Several members took a field trip to the Harvard Law School to witness a debate being scored by Supreme Court judges.

Most recently a third interest has developed within the club, namely, philosophy.

All in all, Action '72 was a fascinating conglomeration which will undoubtedly go down in the annals of W.H.S. as "that was the year that wasn't", at least that's what many of the democrats in the club wished.

See you at the next election.

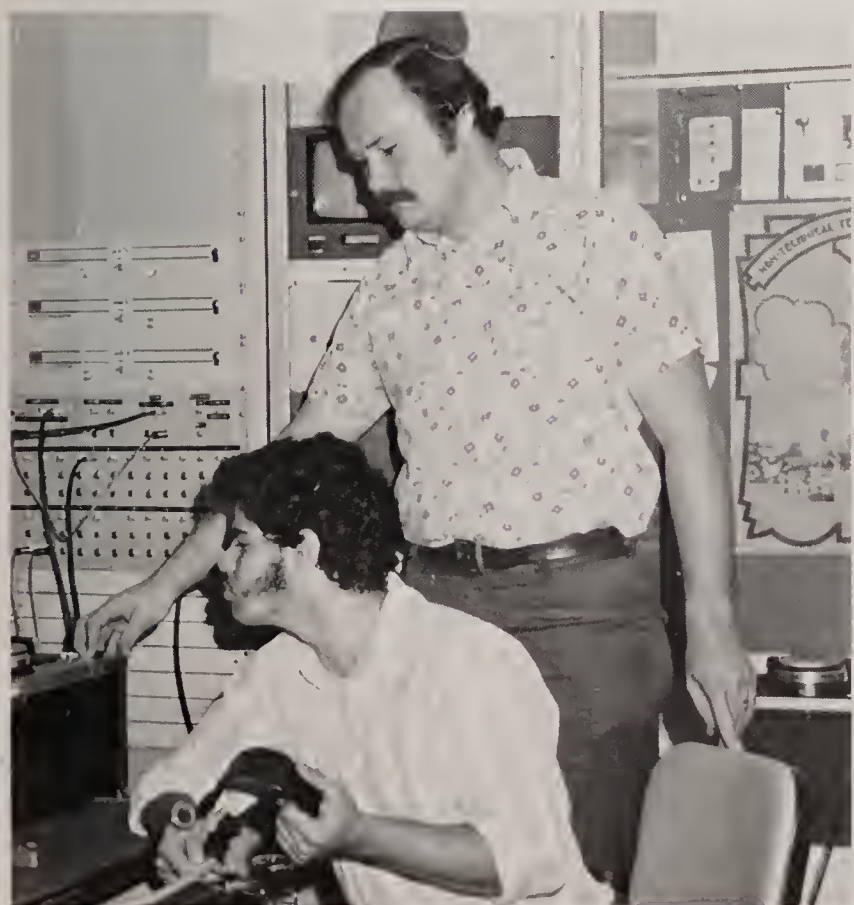

whsr-  
fm

This year, students at W.H.S. had the opportunity to work in the school's first television production studio. This facility, directed by Mr. Dave Frary and aided by student managers Tim Morse and John Nash, gave students the chance to write, produce, direct, and participate in camera programs of their own design. Many of the school's departments used the studio as a new teaching aid as it produced numerous educational programs.

Next door to the tv area is WHSR-FM, 91.9 megacycles. Although it was not on the air for the major part of this academic year, due to the move to the new building, it was not forgotten. Student Station Manager Andy Twomey, Assistant Station Manager Gary Brefini and other station personnel were very much involved in coordinating efforts to get the station on the air, such as a training session for new engineers led by Charles Dieterich. The station's program schedule includes daily educational programs, town meetings, high school sporting events, and entertainment programs after school hours.

# math club

"Clubs may come, and clubs may go,  
But Math Club keeps der-riving along."  
—name withheld on request—

Such is the fate of the W.H.S. Math Club. This year the Math Club reached out in new directions, discussing subjects like, "How to win at chess without trying at all", but quickly withdrew to the old standard of helping people prepare for those tests people are always paying dimes for, and coming in fourth in those math meets, even sponsoring one in December. Miss Allou did a great job as advisor and the club agreed that Mrs. Gershwin executed the duties almost as well. The club always had car trouble, but with the spark of student enthusiasm the club could easily go riding off into the sunset.

Youth Marc is an organization of dedicated students from Burlington, Woburn and Winchester. They are people helping other people. Our goal this year was to establish a one to one friendship between ourselves and these special children, the mentally retarded. If ever you need love, or want to feel wanted, visit one of our parties, where we can be seen helping them bowl or learning songs by heart. If ever you need the feeling of satisfaction, work with these kids for just one hour, then you'll know what satisfaction means. People needing other people are truly the luckiest people in the world.

## youth marc

This year's French Club, with a variety of programs was active and fun. Between guest speakers, a Christmas party including Christmas caroling by truck, a hayride without hay, experimenting in French cuisine, dining in a French restaurant, viewing French films, becoming acquainted with French painters, and meeting the French Club from Melrose, members were always on the go. We worked, too, in various ways, to raise money for our exciting trip to Quebec avec Monsieur Duhamel. While gaining knowledge of French culture, we've made this year's club something to remember.

## german club

With a larger than usual membership this year, W.H.S.'s deutscher Verein has been planning its long range goal—to visit the Pennsylvania Dutch country and see the German culture that still remains in the United States today. Because the club is not large, we have been invited by other schools to participate in a few activities and have also played host to other German clubs in the area. This year's out-of-school activities have been a meeting with the German Department at Tufts University for German films, a visit to the Goethe Institute in Boston and the Busch Reisinger Museum in Cambridge. We have also been fortunate enough to have been helped tremendously by the Consulate General of the Federal Republic of Germany in Boston.

The German Club has also been "ein kulturelles Erlebnis". One example of that was in the "takeover" of the home economics room to cook a genuine German meal, with Sauerkraut, of course.

So, in spite of its size, der deutscher Verein macht sich *viel* Spass.

## spanish club

In September, El Club Español was ...  
 "Want to join Spanish Club?"  
 "But I don't take Spanish."  
 "That doesn't matter, no one speaks Spanish anyway."

First meeting: What! No muchachos? But we got enough kids and had a great time! Halloween party at Joni's—"What's under the blanket? Who dropped the cat's eye?" ... Our surprise shower and the case of the diluted treasury. Right, Franny? Christmas at Chuck's—"What did you say they made piñatas out of? (minutes later) Hey, you guys, I don't think this is a regular piñata." Eating again at the El Iruña trying to forget about the upcoming mid-years. In January we had a change of advisers. All the members of the Spanish Club want to say Adios y Buena Suerte to Mrs. Click and welcome to Miss Isberg and Miss Alvarez. And finally, the big question of the year—Will the Spanish Club return to Mexico? If we do, it will be the biggest thing to hit the country since the last time we went, right muchachos?

## les troubadours

“Nous sommes Les Troubadours et nous voudrions chanter, pour vous, des tres belles chansons ce soir!”

Despite the lack of an accordion, the guitarists and singers of that *exciting* musical French group, Les Troubadours, pulled themselves together to produce program after program of exceptionally high caliber. There were, of course, frantic pre-performance practices and hysterical rehearsals, but somehow when the curtain went up, or the lights went on, everything just seemed to fall into place. (If you don't know the words, just mouth it!) Nous sommes Les Troubadours, but we had fun anyway!

First came Commonwealth Armory and would you believe a soccer game at Nickerson Field? If you see anyone walking the halls with a marimba, you'll know it's another *lost* compañero looking for rehearsal. Sombreros, maracas, guitars, you name it, we have it. Christmastime found us playing at the Burlington Mall. Later on we gave performances at the First Baptist Church for the senior citizens and at Saint Mary's. Our big hope is to repeat last year's success in the Enka Parade this spring.

## a.v. squad

A.V.? Never heard of it! The audio-visual crew was undoubtedly one of the most well known and hardest working groups at W.H.S. this year according to the faculty. The responsibility of production work for the entire school system was placed in their capable hands.

"You name it, we do it, or try to, at least!" Once in a while they will rescue a 16mm projector in distress. Most of the time you could get something done if you could find one of them. If you couldn't, they were probably fixing Tammy 209.

Yes, the A.V. men could have been seen working hard this year—if you looked hard enough.

Line up you guys! It's time for our sing along! The only thing Linda likes better than Tumblettes is Agnes (Sorry Vessy) . . . no Joan, *no* tights . . . Vicki, who wound you up this morning? Bev, how do you manage to get *so* muddy? "My friends know me as Dumpling Agnes Ears Martin". Becca, how come you sing so well, guess it just comes naturally, huh? . . . Look Buba, a worm! McGov, you're the only monkeyman that can jive and wear diapers at the same time! Lee, we're *not* at a pool party! Sue, we know you can't do an aerial! Sarah, we don't REALLY hate you! Fran, is that supposed to be a cartwheel? In spite of everything the Tumblettes are *not bad* . . . forty years ago!! Good luck to next year's tri-captains and always remember . . . IF YOU CAN'T BE RIGHT, BE WRONG AT THE TOP OF YOUR VOICE! . . . and keep on jive'n.

"Be down at Ginn Field at twelve and expect to run sprints! . . . in the *mud*?" Keith's pep talks and Jackie's clear (?) explanations will always be remembered. "What's the difference between offense and defense?" "She wouldn't let me by!" "Are the even numbers on the right or the left side of the field?" Referees, the sophomore scrimmage, and the Swing Inside Delay will always bring a headache. Winchester had good intentions but Reading had dreams of glory. HUDDLE . . . break!

Hey you guys! Let's make this skit a good one! O.K.? . . . Wear your uniforms . . . Come to breakfast at Whit's house! . . . Who can get the car for the game? Are you going to Pewter Pot? Yell loud when we ride through Woburn! . . . Can I use the Mega? Hey Big Spender! Decorate your cars everybody! Balloons and feathers look great! And now a hand for the ones who made it to every game. "Leslie, if we say the magic word will we really win?" Hip Hip Hurray for the Pep Squad of '73!

Will someone please let me up!

This year was a year of mixed emotions for the football team. There were times of disappointment. But although the team was hampered with inexperience and injuries they still managed a 4-5 won-loss record. Audiences began to slump because the team had not been winning. These same people did not look beyond the fact that the team was young and lacked experience. After two weeks of preparation for the game with Woburn, the Sachems were confident that after a whole season they had finally gotten it all together. Thanksgiving Day was the day of redemption for the close losses they had suffered during the rest of the season. In the final game with Woburn the Sachems showed the finesse and drive that they had had all along but that people had rarely noticed. The game with Woburn proved to a lot of people that next year Winchester will be the team to beat.

Get 'em boys, remember Valle's!

Boy, I wish I were in the game.

Would you believe somebody is trying to smother me?

Cheez! Stomachaches already!

Wow! No place to hide.

Last one to the field washes the jock straps!

I wonder if Patton was ever in this predicament.

McLaughlin, B. Sheehan, D. Belinowiz, manager.

Oblivious to rumors concerning a strong team in the fall of '72, Bouley's Booters started slowly due to their swiss cheese defense and crooked foot forwards. This malady was quickly remedied by Coach Bouley (i.e. wind sprints) and the team began scoring to the tune of 21 goals for John Friborg which put him at the top of the league for scoring. With some patches for the defense and some words to the offense, the soccer team ripped off seven straight wins against tough opponents including the burlesque beauties from Belmont. The team fought its way through a despairing season, losing all of its games by one point except for the Concord game. Even though it was a frustrating season, the seniors will be leaving with fond memories of a good year. They have to leave quickly, though, because the underclassmen are in a hurry to capture the league title again.

Record: 8-6-2

Johansen, W. von Rosenvinge, D. McKenna, S. Fitzgerald, C. D'Onofrio, M. Hill, Miss Collins.

Final record: 6-2-2-2. Six wins, two losses, two ties, and two broken noses. Captains Mutt and Jeff led the team to the "We Don't Mess Around" Championship. Beth's tennis hat is finally white again. Kathy still has some remnants of her involuntary swim on the fifty yard line. Supa? Chris will see everyone in September (that is, if she can ever stop quivering). If anyone can find the Melrose team, tell them that we still have their cookies and milk. Anybody for spaghetti? Miss Collins got the first "double shower" that she has ever had. If anyone has some extra neighbors, there are some vacancies on Oxford Street. Good luck to Mary and Ellen next year.

Langley, J. Larson, J. Downes, L. Samoiloff, C. Bement, K. McInnis, Miss Rosazza.

What team eats lollipops instead of playing? Who crowds, bosses and cheers on the varsity team as they run their laps? Where else are Maxine and Laverne Andrews playing together on the forward line? On the B-Squad field hockey team of course! Led by our coach Miss Rosazza and tri-captains Nancy Stillman, Julie Ulwick, and Beth Kennedy, B-Squad had a perfect season with 0 wins and 4 losses. Many of the games were close nervewracking ones decided by one goal. Everyone had a great time this season and many thanks go to Miss Rosazza for putting up with us.

Our thanks to  
Miss Collins and Miss Rosazza  
from their field hockey superstars

The cross country team, under the tutelage of Mr. Cantillon, did not win a meet this year. Many of the meets were lost by only a few points. The team had hopes of doing much better than they did, but due to sickness and injuries those hopes faded away. The 0-9 record is not representative of the hard work and courage needed to participate in a grueling sport such as cross country.

The girls' gymnastic team, this year finished the season with a record of six wins and three losses. Many things contributed to the outcome; our fantastic telepathy, (fall, fall, fall . . . ooh, she fell!), a little incentive, (if you get a 4.0, I'll give you . . .!), our faithful cakemaker, (thanks Jenny), all of the nutty kids on the team, (Aleta, you say pajamas; Lee, go ask Mr. P!), our tough (?) opponents (was that a new kind of dismount off the beam?; stick!), and of course, our new but great coach, (it's a gym teacher, it's a coach, no, it's Pammy Canney!) Thanks for a great season.

# swish!

Row 1: T. Porter, R. Phillips, P. Wakefield, co-captain; J. Heffernan, co-captain; B. Hooker, S. Bigelow, N. Bitting. Row 2: W. Dennis, E. Miller, M. Heffernan, J. Friborg, M. Phillips, J. Zanolli. Row 3: P. Capua, Coach Pappas, Mr. Knowlton, Coach French, P. Weiffenbach.

The 1972-73 WHS Basketball Team, under the experienced coaching of Vandy French and his trusty assistant Paul Mulloy, compiled a 10-10 record. The team's motto for the season was, "Give 100% all of the time and if you can, 150%." This was constructed by Mr. French. Although the Sachems went into the season with a lack of experience and size, they managed to live up to the motto and made up for their lack of size by stressing their speed. But a few times, speed wasn't enough to overcome the tremendous size of their opponents. Next season is expected to be a rebuilding year. They will still be plagued by a lack of height, but experience will not be much of a problem. Some of the starters of the J.V. team, which had a season of 13-7, should become part of the varsity team next year. These starters and the other J.V. members appear to make the '73-'74 basketball team a strong contender in Middlesex League competition.

Although our record was 4 wins and 8 losses, and the desire was not always there, there were still a few good memories of this season.

One of the good memories was winning four times. One of the bad ones was the introduction of Coach Albright's paddle, which many a team member met up with.

Jack Leary, or "Crazy Jack," would try any gymnastic trick, no matter how difficult or perilous.

Ned Keating was one of our best high bar and still ring artists.

Mr. Hood was a superb coach, and spent most of his time helping newcomers.

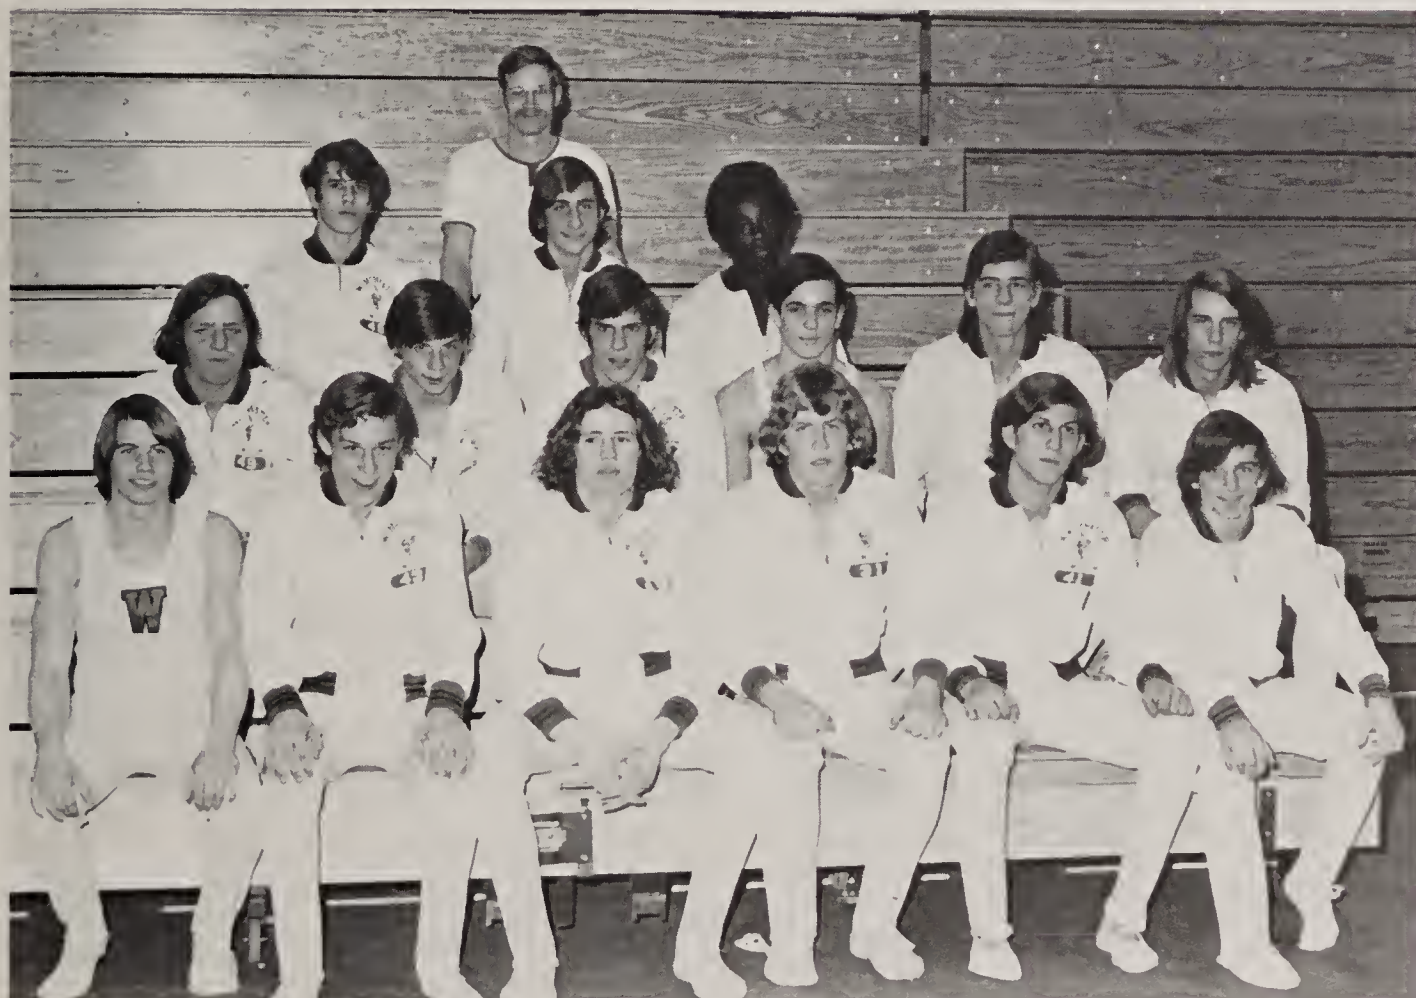

Coach Albright taught us not only gymnastics, but of life as well. He taught us that without hard work, desire, determination, and team spirit there is nothing. But with them, much can be gained by the individual and the team. He is truly one of the best trainers.

we try harder

1973 Team Record: 8 wins 1 loss

We try harder . . . almost but no cigar! . . . Led by stellar co-captains Meg Urry and Chris O'Connor, we ended up with a very respectable 8 wins and 1 loss season. The fast break offense and great defense was a complete team effort, while the sachelmettes easily defeated all their opponents . . . except *ONE*, (but we don't talk about that!). Among the team's successes, there were also many personal achievements. Some of the major ones were; Kathy Levinson's game high of 27 points, Martha Fernald's unbelievably consistent scoring, and Mary Donovan's 9, count 'em, 9 points against Burlington! Wait a minute, how many ball hogs do we have on this team?! Our sincere thanks to Mrs. Crowley for a great season.

The second year W.H.S. Swim Team started off this winter's season with a discouraging loss to Belmont, but since then has shown much progress in becoming a swimming powerhouse in the Greater Boston Swimming League. Co-captains Phil Gouzoule and Vinny Palumbo swam to repeated victories along with promising young sophomore Steve Armstrong, in spear-heading the Sachem swimmers in dual meet competition. Other consistent performers for the young swim team were Steve Blasi and Roy Palumbo, who also represented W.H.S. in the state championships with those already mentioned. All twenty-four swimmers on the team showed much enthusiasm and spirit throughout the season, and since most of this year's team will return, the future remains very bright for another great season to follow.

This year's grapplers, coached by Ted Benton, despite sporting a 4-9 record, showed much better than what their record indicates. Co-captains Larry McHugh (9-3) and Pat Lee (13-0) led the team in scoring, while sophomore Steve Johnis (8-4), also compiled a fine record. The team showed tremendous improvement over previous years, and averaged 30 points per meet. The meets were very exciting as they dropped three meets by only six points, but they climaxed the season with a 39-30 victory at the expense of arch-rival Woburn. Highlights of the season include; Pat Lee's undefeated season (13 pins), the unexpected success of sophomore Steve Johnis, the devastating drubbing of Belmont (56-11), and the addition of freshmen to the junior varsity.

Griffin. Row 3: Coach Kline, D. Tregaser, T. Trefon, P. Sullivan, C. Callahan, J. Short, L. DeSanctis, C. Mahon.

The track team began the season disorganized and with no depth. From the outset of the season, veterans of the previous year with the addition of Steve Meahl and Peter Rigney in the 300 yd. dash and Keith Randleman in the 45 yd. were the point getters for the team. Reasons given for the 1-9 record were disorganization, depth, and the overcrowded condition of the gym. By the time the younger members had developed enough skill to relieve the burden of the veterans, the season regretfully came to an end. Next year's team seems to be promising but depth will still be a problem for the tracksters.

After three victories in the first three games, the Sachem Hockey Team was only able to win two more games and ended the season with a 5-12-1 record.

The team consisted of seniors Mike Sandford, Bob McGoldrick, Ed Pierce, and Tony Guarente.

The team received solid performance from juniors Phil O'Connell, Charlie Evans, Jake Casey, Peter Sandford, and Andy Miga. Sophomores Tom Brennan, Peter Frongillo, David Brenton, and Ron Martignetti contributed enormously to the team.

If you judge a team by won-lost records, we were losers, but if you judge a team by fun, then we were winners.

This year, WHS started a girl's swim team, with the credit going to Coaches Palumbo and Grant. Both of them spent much of their own time setting up practices and meets for the turnout of 55 girls. Our 10 P.M.-11 P.M. practices, three times a week were tough at first, but 30 high spirited girls stuck it out. Our record of 3-7 wasn't too bad considering we were a new team with very little pool time. Some highlights of the season include: being waitresses for a night (to earn money for pool expenses), Cathy's flat tires, Michele's green putt machine, Marney's mouth and our fabulous medley relays. We were a close team, with the determination to win. The parting seniors wish good luck to the great coaches and swimmers of next year's team.

## in memoriam

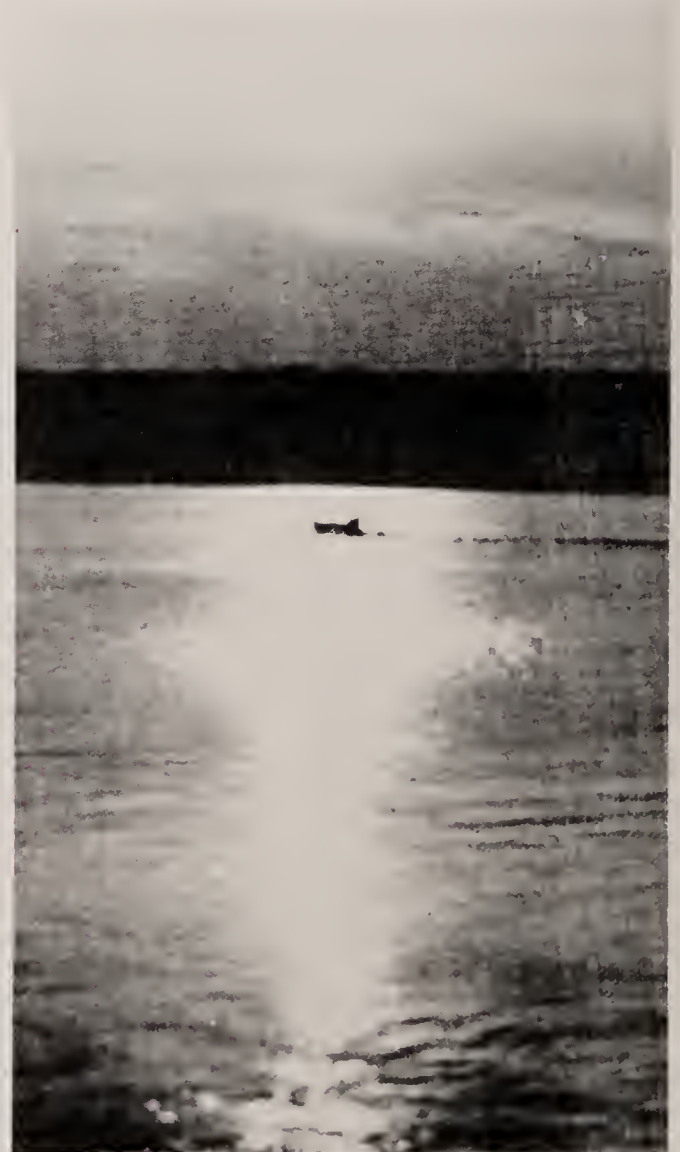

Mr. Thomas A. Morse  
1915-1973

*Those who devote their lives to the education of youth must measure the success of their lives by the quality of this service. By every measure, Tom Morse selflessly and loyally served not only young people, but his family, and all those for whom he worked. His enthusiasm, good humor, and wide-ranging interests and talents made him indispensable to so many. Whether he was directing or acting in a play, coaching the track team, teaching English and speech, emceeing a variety show, planning or operating his beloved radio station, organizing audio-visual services for the high school or the town, or counseling young people--he worked tirelessly and happily, no matter the pressures and frustrations. Tom Morse was a good man--a friend whom we all sorely miss and in whose debt Winchester will always be.*
